Future Focus

What is the Future Focus?

FutureFocus is a show inspired by you, our teachers. For 18 years we have worked with teachers and high school learners while doing the **RockingFuture Career EXPO** and we've had one request that has never ceased – "Do you have something similar for our gr.9 learners?" Finally we have an answer to that question. In a world that is rapidly changing how can we prepare these learners for the world of work and study that they will be entering? Gr 9 is such an important year where learner make the first of many important decisions as to their future career path. It's time for subject choices and mostly they are given a wide, standardized approach that could lead them into many different educational streams. The problem with that is that not many 15-year-old learners have any clue as to what they would like to be one day or even what is available. Most pursue a career path because of what they know their parents do or even worse, something they have seen on TV. E.g. Everybody wanting to study law because of SUITS, or criminology and pathology because of CSI: NY.

Why Choose Future Focus?

Future Focus is an introduction to future career paths and study prospects. There is no way for us to go into all the details with every career option available during the 90min we will have with these Gr.9 students. However, in a multimedia presentation combined with live acting, we will break down the career paths into the 6 areas of interest according to "The Holland Code or RAISEC". The aim of FutureFocus is to spark interest for learners and their parents to do more research regarding admission requirements and subjects needed, long before they must make these decisions in Gr.12.

<p>9. These costs are offset by the fact that the colleges and companies we present pay a fee with the promise that we will stage the FutureFocus show at your school. When a school cancels 3RC refunds our clients the cost of the show if we can not replace it with another school. It is for this reason that we ask that you do not cancel your booking 4 weeks prior to the show</p>
